

# Elite Bed Range Assembly

## Quick Setup Guide

For persons who are familiar with the Elite Bed Range

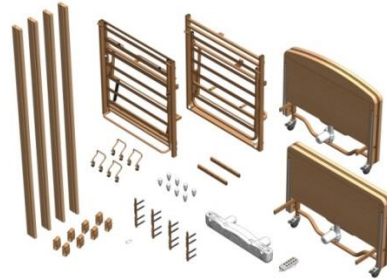

**WARNING:** This Guide is only to be used in conjunction with the Instructions for Use, which must be read thoroughly before setting up the bed.

### 1 - Gather Components

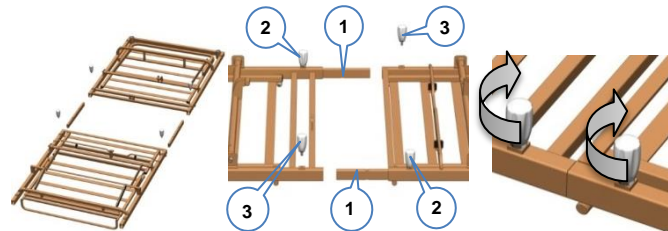

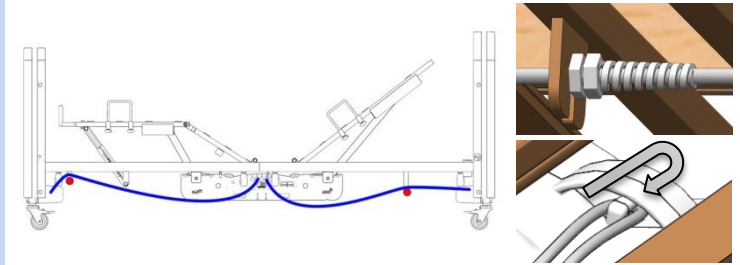

- Make sure you have all components listed
- Clear space for assembling the Bed

Part Description/Name	Qty.
Head Deck Assembly	1
Head End Assembly	1
Foot Deck Assembly	1
Foot End Assembly	1
Deck Joining Bar	2
Hand wheel	8
Mattress Retainer Bracket	4
Control Unit	1
Handset	1
Handset Lock-Out Key	1
Side Rail	4
Side Rail End Caps (& Springs)	4
Side Rail Glides	4
Side Rail Lock Key (Optional)	1

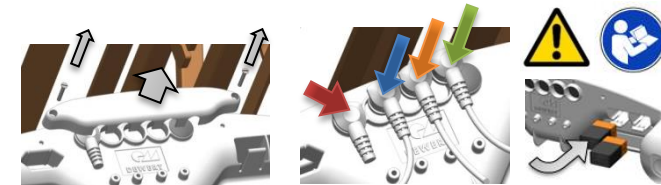

### 5 - Cable Routing

- Route head and foot end cables **OVER** the two **red** bars
- Fit Mains Cable strain relief
- Loop Handset & Mains cable through strain relief hooks on Control Unit

### 2 - Assemble Deck

- Lay deck sections mattress side down
- Secure 1 Joining Prong in each section
- Push sections together and tighten

Connections;

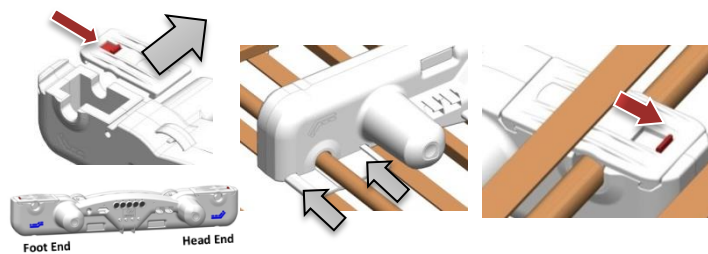

**BLANK PLUG** **HEAD END** **HANDSET** **FOOT END**

### 6 - Connect Cables

- Remove the cable cover screws & cover
- Connect the cables to the sockets.
- Replace Cover
- Check Emergency Batteries

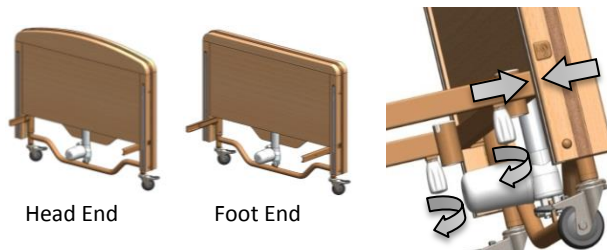

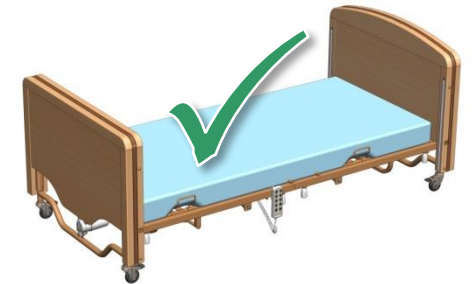

### 3 - Fit Control Unit

- Remove covers from each end of the Unit
- Locate correctly over Head & Foot drive shafts
- Replace covers and lock in place

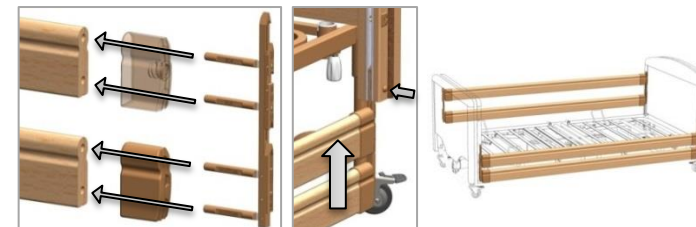

### 7 - Final Checks

- Locate Bed in its final position
- Connect Mains power
- Check Bed movements correspond with handset buttons
- If mattress retainers are the removable type, ensure they are all correctly fitted
- Fit Mattress & apply all 4 brakes

### 4 - Fit Bed Ends

- Identify Head & Foot ends
- Insert Bed End prongs into corresponding Bed Deck Tubes
- Tighten 2 handwheels at each end

### 8 - Side Rails (optional)

- Fit the Glide prongs through an endcap into a wooden Side Rail
- Depress lower button and slide glide up into rail
- Repeat on each bed corner post

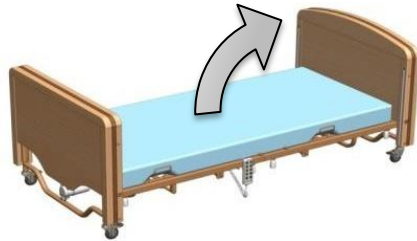

**WARNING:** This Guide is only to be used in conjunction with the Instructions for Use, which must be read thoroughly before setting up the bed.

### 1 - Remove all Bedding

- Remove any fitted bedding
- Remove any accessories
- Remove Mattress

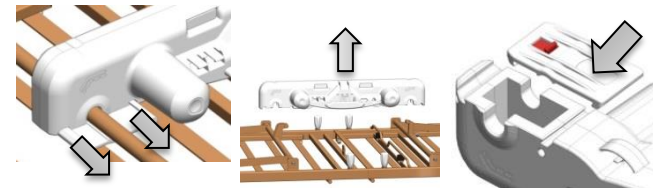

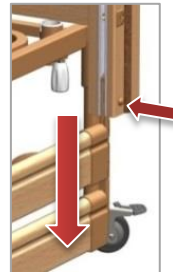

### 5 - Remove Bed Ends
